COPPER IS THE METAL.

The Cochise Copper Mining Company, Bisbee, Arizona.

This company owns a very valuable group of mines situated in Warren mining district, county of Cochise, Arizona, lying immediately east of and adjoining the town of Bisbee, and adjoining the property of the Copper Queen Consolidated Mining company on the north. The latter company has been in operation for about twenty years, and employs about 1,500 men daily in the operation of its mammoth mine and smelters, and as a result has produced copper to over 34,000,000 pounds during the year 1898, and the net proceeds of such production are reported to have been over \$2,000,000 and it has been said by experienced miners who have been under its employ for years, that the Queen mine now has sufficient ore in sight to keep it in constant operation for the next twenty years without further development.

Is it not reasonable to believe that the property of the Cochine company fully as valuable, when it is such close proximity to such a wonderful mine?

The blasts set off in the underground workings of the Queen property can easily be felt and heard at the shaft of our mine, and oftimes the concussion has attracted marked attention.

The original owners of these valu able mines are local business men, well and favorably known in Bisbee and surrounding vicinity, who are doing their utmost to make this enterprise a success in every respect. The board or directors are original owners, and are donating their services to the company until such time as the mine will pay dividends. They own the controlling interest in this property, and as a protection to stockholders have placed their entire interest in escrow for a term of one year.

The stock books of our company are now open for subscriptions, and a limited number of shares are offered at twenty-five c. per share. No application for less than 100 shares will be ac-

The company reserve the right at any time to advance the price of shares without further notice, or to reject any application for stock at their discre-

Every cent received from the sale of stock will be expended toward the development of our property and the erection of hoisting works, and all other necessary improvements, and to make our enterprise a success in every particular. We invite investigators and their

experts or their engineers to closely scrutinize our property. Applications for shares may be made to any of the directors of the company, or to any of our legally author-

ized representatives. L. C. SHATTUCK, Pres. J. MUHEIM, Supl. & Treas. G. W. HILL, Vice-Pres. S. K. WILLIAMS, Sec
